ICMLDE2023.017

Title: Special Session on	Machine Learning in Bioinformatics
Topics of Interest:	1. Protein Structure Prediction 2. Protein folding/Function Prediction 3. Medical informatics, Biomedicine & Biotechnology 4. Integrative Approach for Drug Design 5. Deep Learning in Bioinformatics 6. Next generation sequencing Data Analysis
Session Chair	Dr. B. Surendiran Associate Professor Department of Computer Science and Engineering National Institute of Technology Puducherry, India Email: surendiran@nitpy.ac.in Dr. Sweeti Sah Department of Computer Science and Engineering National Institute of Technology Puducherry, India
Co-Chairs	Dr. Lakshmana Kumar Ramasamy Higher Colleges of Technology, UAE
